EDUCATION

Bur Oak Secondary School

Ontario Secondary School Diploma, Expected Jun 2027

Sep 2023 – Present

Markham, ON

LEADERSHIP & TEACHING EXPERIENCE

Hackathon Lead Organizer

Bur Oak Secondary School

May 2026

Markham, ON

- Led the school's first hackathon for 30+ participants, coordinating logistics, scheduling, and event operations.
- Hosted two technical workshops and supported participants during project development.
- Recruited teacher judges and secured \$200 in prizes.

Volunteer Assistant Instructor

Markham Taekwondo Academy

Jun 2023 – Apr 2025

Markham, ON

- Led warm-ups and dynamic exercises for classes of 15+ students.
- Coached students of different ages and skill levels through one-on-one instruction.
- Corrected Poomsae technique to improve safety, balance, and technical accuracy.

Classroom Volunteer

York Region District School Board

Jun 2024

Markham, ON

- Guided small groups of students through math and science coursework by simplifying difficult concepts.
- Supported lesson setup, classroom activities, and group management to maintain an organized learning environment.

PROJECTS

BetterTeachAssist: Student Grade Analytics Platform

Co-Founder & Lead Developer

Aug 2025 – Present

- Co-founded and deployed a cross-platform student grade analytics app using React Native, Expo, Supabase, and Go.
- Developed a Go scraper and implemented grade prediction, performance analytics, and opt-in anonymized data sharing.
- Designed the UI and onboarding flow for an app with 500+ downloads and hundreds of daily API requests.

Ralph: Autonomous Assistive Robot

DeltaHacks 12 at McMaster University

Jan 2026

Hamilton, ON

- Built a Raspberry Pi 5-powered robot designed to assist visually impaired users with indoor navigation and obstacle detection.
- Implemented object detection, depth estimation, and pathfinding with YOLOv8 and MiDaS.
- Integrated and debugged motors, power circuitry, and the L298N motor driver using a multimeter.
